SANITATION, COMMUNITY HEALTH, AND GOVERNANCE

**Building A Healthy Nation through Just
Leadership**

Philippians 4:6

⁶ Do not be anxious about anything, but in every situation, by prayer and petition, with thanksgiving, present your requests to God.

Opening Prayer

What a friend we have in Jesus!

1. What a friend we have in Jesus,
all our sins and griefs to bear!

What a privilege to carry
everything to God in prayer!
O what peace we often forfeit,
O what needless pain we bear,
all because we do not carry
everything to God in prayer,

What a friend we have in Jesus

Have we trials and temptations?
Is there trouble anywhere?
We should never be discouraged;
take it to the Lord in prayer!
Can we find a friend so faithful
who will all our sorrows share?
Jesus knows our every weakness;
take it to the Lord in prayer!

What a friend we in Jesus!

3 Are we weak and heavy laden,
cumbered with a load of care?

Precious Savior, still our refuge--
take it to the Lord in prayer!

Do your friends despise, forsake you?

Take it to the Lord in prayer!

In his arms he'll take and shield you;
you will find a solace there.

THEME SCRIPTURE: Deuteronomy 23:12-14

“You shall also have a place allocated outside the camp, so that you may go out there to relieve yourself, and you shall have a spade among your tools, and it shall be when you sit down outside, you shall dig with it and shall turn and cover up your excrement. Since the LORD your God walks in the midst of your camp to save you and to defeat your enemies before you, your camp must be holy; so He must not see anything indecent among you or He will turn away from you.” Deuteronomy 23:12-14.

Brief Preamble about the theme of focus

- Sanitation and community health are deeply tied to governance.
- The availability of clean water, safe waste management, and basic healthcare reflects how a government stewards its resources, protects its citizens, and plans for the future

Brief Preamble about the theme of focus

- One of the greatest challenges many of our communities face is the lack of access to clean drinking water.
- In some areas, people and animals still share the same water sources. While support often comes from abroad through donations and the drilling of wells, poverty strips communities of dignity, and images of suffering can sometimes deepen a sense of dehumanization.

Brief Preamble about the theme of focus

It is ultimately the responsibility of government to step in and ensure that every citizen has access to safe and clean water.

Brief Preamble about the theme of focus

Where governance is weak, communities suffer preventable diseases, high mortality rates, and indignity. Where governance is strong, citizens enjoy healthier lives, dignity, and social stability.

Brief Preamble about the theme of focus

In many ways, governance is seen most clearly not in grand speeches or policy documents, but in whether families have safe drinking water, clean neighbourhoods, and access to community health services.
